

LE11: 15/05/2020

Master in Informatics and Computing Engineering
Database and Web Applications Laboratory
Instance: 2019/2020

Lecture #11 :: 15/05/2020

Goals

By the end of this class, the student should be able to:

- discuss the advantages and disadvantages of using Web Frameworks in the development and maintenance of Web Apps

Content

- The use of frameworks from the business point of view by Sérgio Carvalho (Sooma)
- The use of frameworks from the students point of view by João Matos (MIEIC)
- The use of frameworks from the product point of view by Tiago Boldt (Velocidi)
- The use of frameworks from the debates point of view by Rúben (MIEIC)

Materials

- Web Development Framework Pros & Cons: [YouTube video](#)
- Joel Spolsky, Joel on Software [The Law of Leaky Abstractions](#) (2002)

Summary

- Debate the advantages and disadvantages of using Web Frameworks in the development and maintenance of Web Apps and also in the teaching/learning process.
