

# P 2021/2022

**Bachelor in Informatics and Computing Engineering**

**Programming**

**Instance: 2021/2022**

---

## Programming (Programação)

The Unit aim at giving the student the fundamental knowledge on procedural and object oriented programming techniques and the ability to apply those programming paradigms to develop programs, using the C++ language as development tool.

- Course Unit: [Fact sheet](#) (Ficha da UC)
- Sigarra: [Summaries](#) | [Students](#) | [Classes](#) | [Schedule](#) | [Tests](#)
- Moodle: <https://moodle2122.up.pt/>
- Coordinators: [Jorge Alves da Silva](#), [Eduardo Marques](#)
- Attendance: TBD
