

Winds @ FEUP

Documentation related with all versions of the platform

THIS IS A COPY MADE ON 2024.03.21, 15:00, by JCL

Public

- App for **Perdigão's** experiment: [Perdigao](#) (aka WindsP v0.4)
20200523_perdigao_authorisations.pdf
- App for **Windscanner.PT** infrastructure: [WindsPT](#) (aka WindsPT v0.4.1)
- Public documentation for [WindsP](#) (Web application to support the activities of the preparation and execution of the experiments included in NEWA / Perdigão)
- Public documentation for [UDA](#) (UPORTO DATA ARCHIVE) [logs](#)
20200523_perdigao_archives.pdf
- Public documentation for [Perdigão campaign](#)
- FCT's **Windscanner.PT deliverables**:
 - Working prototype (Windscanner.PT): <https://windscannerpt.fe.up.pt/> [Acknowledgments](#)
 - User Manual: [WindsPT User Manual \(v0.4\)](#)
 - Specification: [WindsPT v0.4 Specification](#)
 - Source code: <https://github.com/WindsPCode/WindsPtDev>

Private

- Documentation for WindsPT developers: [windspv04](#)
 - Code for the App for windscanner.pt infrastructure: <https://github.com/WindsPCode/WindsPtDev>
 - Documentation for WindsP developers: [windspv03](#)
 - Code for the App for Perdigão's experiment: <https://github.com/WindsPCode/Perdigao>
 - Documentation for projects' management, deliverables and scholarships: [Private@FEUP](#)
 - Machines' configurations: [configs](#)
-
- **Annually install half a dozen of SSL certificates**
 - Documentation for [windscanner.eu](#) — The European WindScanner Facility (FP7-INFRASTRUCTURES project)
 - Documentation for [NEWA](#) — New European Wind Atlas (ERA-NET Plus, topic FP7-ENERGY.2013.10.1.2)
 - Documentation for [Windscanner.pt proposal](#) — Portuguese WindScanner Facility (Roteiro Nacional de Infraestruturas de Investigação)
 - Documentation for [WINDIA proposal](#) — Windscanner Integrating Activity for wind energy and wind engineering (H2020 RIA INFRAIA-02-2017)
 - Documentation for [OpenWATT proposal](#) — Open Wind Assessment Tools and Training (MARIE SKŁODOWSKA-CURIE ACTIONS)
